BALLABROOIE.
HIGH GROUND,
BANGALORE.

18th May 1918

My dear Mirza,

I duly received your kind letter of May 5th from Calcutta. Many thanks also for your kindly forethought in sending me a copy from the "Weekly Times" which I read with much interest.

I am delighted to hear that His Highness is so well - he has been pleased to send a nice letter embodying views & suggestions which I greatly value

In regards the slaughter of Cows I entirely agree in the views taken by His Highness. I always feel very sad when

We had a party for the local merchants at "Ballabrooie" yesterday. There will be another for H.E. Lord Pentland next Saturday.

Everything is going on smoothly here. H. H. the Yuvaraj is coming here tomorrow morning - Their Highnesses the Maharanis arrived yesterday.

I hope in the midst of your cares you are deriving some enjoyment - for you we deriving some enjoyment - for you Campbell is also, I hope, delighted with his tour.

Yours very sincerely.
M. Visvesvaraya

in my evening walks here, I see droves
of bullock carts wending their way towards
the C & M Station - The operation will come
chiefly from the European population & the
military authorities in the C & M Station.
The Mahomedans may also object but
in the interior, they are sure to acquiesce
in any order to stop slaughter out of
deference to the wishes of their Hindu brethren.

The purchase of the Town
House was I think a very wise thing to do.
The building wants some improvement. If
this kind of you to give me news about
Mr Maffey's interview with the Bishops.
I also heard about the Bishops the Archdeacon
entertained to the dinner Wednesday week.
